Experience

Sep 2024 – Feb 2025	Research Assistant Human-Data Interaction Lab	Yonsei University, Seoul, Korea
Mar 2026 – Jun 2026	Teaching Assistant Capstone Design for Artificial Intelligence (CAS4102)	Yonsei University, Seoul, Korea
Sep 2025 – Dec 2025	Teaching Assistant Introduction to Human-Computer Interaction (CAS2201)	Yonsei University, Seoul, Korea
Mar 2025 – Jun 2025	Teaching Assistant Introduction to Data Visualization (CAS4150)	Yonsei University, Seoul, Korea

Projects

2025.07 – Present	DrugQ Multimodal OTC drug safety assistant prototype for Android research workflows. Focused on healthcare research support through multimodal interaction and safety-oriented assistance	Android / AI
2025.03 – Present	SalusChart Mobile-first data visualization library for health and tracking data. Designed reusable visualization components for mobile healthcare and tracking contexts	Android / Compose
2025.01 – Present	ReBloomLens Routine-based health tracking platform for breast cancer survivors. Built around reflection, visualization, and long-term health data engagement	Samsung Health / AI Reflection

2025.09 – Present	INSPIRE Production-level research tracking app for collecting survey, audio, and Samsung Health data in real-world nursing studies.	Android / Research
2025.03 – Present	Modular Data Tracking Application Platform Plugin-based, configuration-driven mobile tracking platform for research studies. Structured for modularity, reuse, and scalable deployment across study settings	Android / Platform
2023.07 – 2023.11	ARemedy AR-based realistic media prevention solution for drug education. Defined the problem space through stakeholder interviews and designed immersive AR storytelling	AR / iOS
2022.03 – 2022.12	Docent Personalized emotional ad-copy application delivered end-to-end. Applied GPT-based copy transformation with segmented personalization and production tooling	iOS / AI
2023.03 – 2023.06	KU:Map Campus map application for Konkuk University focused on discoverability and campus information access. Led UI/UX design and frontend development with Flutter, Provider, and Figma	Flutter / UX
2023.08 – 2023.12	HI Plant Plant management application focused on intuitive interaction and day-to-day usability. Contributed to UI/UX design, feature planning, and Android application development	Android / UX

Patents

2017	Granted Patents and Designs Chinese cabbage salting unit/method. Culinary picklers; pickler container.	Korea
